

All Praise [Lyrics]

[Encounter Worship]

Intro:

Verse 1:

Crucified on a hill, prophecy fulfilled, that I may live in
redemptions light
From the cross to the grave Jesus Christ obeyed, in response
I worship Him

Chorus:

All Praise the name of Jesus, for He has done great things
All Praise the name of Jesus, victory rose from the grave

Verse 2:

Beaten and torn, the pain that Jesus bore,
true love satisfied the wrath of God, Oh the depth of His love
to save a wretch like me, all glory to His name

Chorus:

All Praise the name of Jesus, for He has done great things
All Praise the name of Jesus, victory rose from the grave

Bridge:

saved from sin, saved from death, saved from the wages Jesus
paid my debt
praise I sing, eternally, passionate adoration to my king

Verse 3:

Silence fell on the tomb, where Jesus body lay
Death so foolishly thought he won the war
Christ could not be contained, The Keys of death He claimed,
when He Rose up from the grave!
My Jesus Rose up from the grave!

Chorus:

All Praise the name of Jesus, for He has done great things
All Praise the name of Jesus, victory rose from the grave

Bridge:

saved from sin, saved from death, saved from the wages Jesus
paid my debt
praise I sing, eternally, passionate adoration to my king
